

ATTENTION CLIENTS

Masks are still required in some settings and strongly recommended in others

Everyone regardless of vaccination status, must wear a mask in the following settings:

- Public transit, healthcare, correctional facilities and detention centers, shelters, locations where it is the policy of the business or venue
- Masks are strongly recommended for everyone in:
 - Indoor public settings and businesses such as retail, restaurants, theaters, family entertainment centers, cardrooms, meetings, state and local government offices that serve the public
 - Outdoor crowded settings and when around people at high risk of severe illness

People who should not wear masks:

Children under 2, people with certain medical conditions and disabilities, and people instructed by their medical provider not to wear a mask.

Celebrating 35 Years as the Nation's
Largest Food Pantry Program for
People Living with HIV/AIDS!
